THEEM COLLEGE OF ENGINEERING

Diploma of Education, Computer Engineering
2015 – 2018

EXPERIENCE

Trainee
Miscot Systems Private Limited
Feb 2019 - May 2019 (4 months)

PROJECT

Online Quiz portal for APSIT College - Disha - (Present) 🔗

This portal aims at training students for placement exams by providing them with a platform to give a test and see their performance. The impact is expected to increase student placements by around 30-40% over the next few years. It will also help students with proper assessment of their skills.

Verify-Certificate - Certificate Registry 🔗

This is a web app which will be used to register all the certificates distributed under Google Crowdsource events. It is community work. The APIs have been built and tested using Postman. It saved >₹ 10,000 in certificate printing charges and also it made issued certificates more credible.

TesseractOCR 🔗

This is an OCR application which can recognize text in more than 50 languages. This application uses the tesseract engine to perform the OCR.

Pac-Man 🔗

This Project is a clone of the classic game PAC MAN which was made using Visual Basic 6.0 in my second year of Diploma.

TECHNICAL

● Languages: JavaScript, Python, JAVA

● Databases: Microsoft SQL Server, Firebase

● Front-end: HTML, CSS, JS, Bootstrap
